

We build strong kids, strong families, strong communities.

Y's BEGINNINGS

Y's Beginnings Toddler and Pre School

special fun filled YMCA Summer Program encourages individual growth and fosters self-esteem.

The program includes water play, art, music and creative play that challenge fine and large motor skills.

Our beautiful outdoor woodland setting and two playgrounds allow for additional science and nature-based activities to enrich each child's experience.

For rainy days, we have a large indoor playroom.

The children will be going on picnics and walks to the nearby duck pond.

The **summer program** provides a stress-free way to ease into a nursery school setting as well as to maintain an already established routine.

If you have any questions, please call Janey McCarthy at (845) 357-3223
