CLASS DESCRIPTIONS

ADULT ELEMENTARY BALLET - extra fee applies, please ask for details. Students will learn the fundamentals of ballet in a fun and supportive atmosphere. This mixed-level class is sensitive to the skill and abilities of the students.

BOOT CAMP - Get a total-body workout, using dumbbells, bands, steps, stability balls, BOSU and medicine balls. This class will challenge your strength and endurance at the same time while incinerating the calories!! This class will help you take your body to places it's never been!

BODY SCULPT - This class is a mix of cardio & strength. It has easy to follow step moves to get your heart pounding and conditioning exercises & dumbbell work to strengthen your muscles. Class ends with core work and simple stretches.

CARDIO-SCULPT - Experience the perfect balance between aerobic conditioning and body shaping. Burn calories to a heart-pumping fitness beat and sculpt, strengthen and lengthen, concentrating on all the major muscle groups using free weights and fitness tools. Go at your own pace, have fun, get strong,

CARDIO-STRENGTH - This fun class is a total body conditioning workout that will elevate your heart rate while increasing strength and endurance. ALL fitness levels welcome

ENHANCE FITNESS- Enhance@Fitness, an evidence-based group exercise program for older adults that uses simple, easy-to-learn movements that motivate individuals (particularly those with arthritis) to stay active throughout their life.

INDOOR CYCLING- a fun fantastic workout where you ride to the rhythm of powerful music. An indoor cycling class set to exciting music tracks and choreographed to provide an excellent workout and improve cardiovascular conditioning.

MEDITATION- Join us in learning the practice of mindfulness or "vipassana" meditation in order to quiet the mind and body, and build the awareness that allows you to be simply present in the moment.

MOVEMENT & MUSCLE- This class provides a full body work-out. With fun, easy to follow routines. The weight training portion of the class emphasizes proper techniques with a variation of dumbbells and exercise bands, everything can be adapted for all levels of fitness

PILATES - Focuses on conditioning the body from the inside out. Participants learn the importance of core stabilization, muscle balance, proper alignment, strength and flexibility while integrating the concepts of mindfulness, fluidity and grace.

Stretch: Come de-stress with this gentle class set to soothing music. This class will improve both you flexibility and strength by targeting all the muscle groups through a combination of yoga and athletic stretches.

Total Body Circuit - A combination of core, balance, stability, strength training and flexibility to help you burn calories while having fun.

YOGA - Develop strength and flexibility through stretching postures, breathing techniques, and meditation.

- Hatha Yoga is the Branch of Yoga that focuses on the physical well-being of a person and believes that the body is the vehicle of the spirit.
- Kripalu Yoga puts great emphasis on Proper Breath, alignment, coordination of breath and movement, and "honoring the wisdom of the body"
- Gentle Yoga - Gentle yoga classes are for those who want a softer, nurturing, slow-paced, well-supported and relaxing practice.

ZUMBA - an aerobic fitness program featuring movements inspired by various styles of Latin American dance and performed primarily to Latin American dance music. It's easy to do, effective and totally exhilarating!

ZUMBA STRENGTH - In each class you'll **burn** calories while **toning** arms, legs, abs and glutes. Plyometric or explosive moves like *high knees, burpees, and jumping jacks* are interchanged with isometric moves like *lunges, squats, and kickboxing*.
